Applicant provides the following response to Office Action
dated 03/24/87.

INITIAL REMARKS

In his Amendment B, Applicant inquired about a refund of
the fees paid in connection with the now-obsolete Notice of
Appeal and Appeal Brief. Examiner did not respond to that
inquiry.

From subject Office Action, it was unclear to Applicant
as to what Examiner required Applicant to do. To clarify,
Applicant talked with Supervisory Examiner Salce on the
telephone, and he explained to Applicant that the only choices
available to Applicant in respect to instant application are
the following:

- * Abandonment with possible Continuation; and
- * Re-amendment of the claims so as to re-establish the
claims as claiming an invention within the classification of
the initially elected invention, and then to argue the
allowability of the re-amended claims.

Applicant elects to pursue the latter alternative.
